

Professor Gengdong CHENG is Professor in Dalian University of Technology, China. He graduated from Peking University, Beijing, China in 1964 and received Ph.D. from Department of Solid Mechanics, Technical University of Denmark, Denmark in 1980. He specializes in engineering mechanics, computational mechanics and structural optimization. Professor Cheng has published more than 200 papers. He takes on the editorship for four internationals and seven domestic journals.

He was awarded the title of an Honorary Doctor respectively by Aalborg University of Denmark in 1999 and by University of Liege of Belgium in 2000. He was elected as a member of the Chinese Academy of Sciences in 1995.

He has served the vice chairman of Chinese Association of Mechanics since 2002. He has served as vice President during 2003-2007 and was elected as member of executive committee for International Society for Structural and Multi-disciplinary Optimization. He is also Congress member of IUTAM in 2004.

He served President of Dalian University of Technology DUT during 1995-2006.
