ABSTRACT

People interested in submitting a contribution to SMART 2019 are requested to submit electronically a one-page abstract no later than **February 1st, 2019**. Abstracts should briefly outline the main features, results and conclusions as well as their general significance, and contain relevant references.

Full details of the content of the contribution can be included in the paper (6 to 12 pages). The submission of the full paper is mandatory.

The Abstract should be written following the format of the macros for submission that can be found at http://congress.cimne.com/smart2019/frontal/Instructions.asp. They must be converted to Portable Document Format (PDF) before submission through the Conference site.

The Abstract has to be written in English with Times-Roman letters. The number of lines of the Abstract body should not exceed 35 lines.

The Abstract must contain the full name and full address of author/s. In the case of joint authorships, the name of the author who will actually present the paper at the Congress should be indicated with an asterisk. Papers can only be accepted on the understanding that they will be presented at the Conference.
